

cultural atlas of india pdf

The term Greater India is most commonly used to encompass the historical and geographic extent of all political entities of the Indian subcontinent, and the regions which are culturally linked to India or received significant Indian cultural influence. These countries have to varying degrees been transformed by the acceptance and induction of cultural and institutional elements of India.

Global Atlas of Palliative Care at the End of Life - WHO

The Anti-Atlas Mountains are believed to have originally been formed as part of Alleghenian orogeny. These mountains were formed when Africa and America collided, and were once a chain rivaling today's Himalayas. Today, the remains of this chain can be seen in the Fall Line region in the Eastern United States. Some remnants can also be found in the later formed Appalachians in North America.
