

design and decision support pdf

Assistant State Design Engineers The Assistant State Design Engineer (ASDE) and the Design Liaisons, located in the Development Division at Headquarters, provide safe, dependable, strategically balanced guidance, direction and approval of WSDOT's design documentation, standards and policies.

WSDOT - Design Support

A decision support system (DSS) is an information system that supports business or organizational decision-making activities. DSSs serve the management, operations and planning levels of an organization (usually mid and higher management) and help people make decisions about problems that may be rapidly changing and not easily specified in advance—i.e. unstructured and semi-structured ...

Decision intelligence is an engineering discipline that augments data science with theory from social science, decision theory, and managerial science. Its application provides a framework for best practices in organizational decision-making and processes for applying machine learning at scale. The basic idea is that decisions are based on our understanding of how actions lead to outcomes.
