This is pretty interesting. We've also been looking for a cataloging solution using similar criteria. For us the biggest issue is that what we want to catalog (zines and DIY comix) don't usually have a bar code at all, so we also needed a system that could generate that for us.

### **The Library Problem - zack@grossbart.com**

For large public libraries, the development of digital technologies poses challenges that have yet to be fully explored. While library sector rhetoric rightly imagines that digital technologies bring change to all aspects of library operations, it is not enough to focus on the technologies.

In brief. The context for this article is Australian libraries and my experience there with cross-cultural provision. However, this article is not about providing library services for any specific group; it's about cultural competence and whiteness. I begin with my background, so as to make clear how I participate, as a white librarian, in discussions about libraries and how they might be ...
