Early childhood education (ECE; also nursery education) is a branch of education theory which relates to the teaching of little children (formally and informally) from birth up to the age of eight which is traditionally about 3rd grade. It emerged as a field of study during the Enlightenment, particularly in European countries with high literacy rates.

## **Early childhood education - Wikipedia**

The philosophy of education examines the goals, forms, methods, and meaning of education. The term is used to describe both fundamental philosophical analysis of these themes and the description or analysis of particular pedagogical approaches. Considerations of how the profession relates to broader philosophical or sociocultural contexts may be included.
